Trust Builders' Benton 4 Two-Story Plan provides easy living space for many homeowners. The main level has great views from the kitchen along with an open concept dining and living area. Upstairs you'll find the spacious owner's suite plus 3 additional bedrooms and a shared bathroom. The potential with this plan for additional lower level basement finish allows for plenty of space to include a 5th bedroom, additional living space, a bath and optional wet bar. Reach out to Trust Builders to discuss building this floor plan on your desired lot.
